

Ontario Association of Architects

2018/12/18

The Honourable Rod Phillips, Minister of Environment, Conservation and Parks recently released “[Preserving and Protecting our Environment for Future Generations](#)”, the Ontario Government’s new environment and climate change plan. The OAA and the Sustainable Built Environments Committee will be examining the document and determining how best to respond with feedback. The OAA encourages members to review the document and provide their own feedback. The [following link](#) will take you to the comment page where members have the opportunity to provide their feedback both anonymously or by logging in to the Environmental Registry of Ontario.
