IMPORTANT

In order to offer or provide architectural services to the public in Ontario, as defined in the [Architects Act](#) (the Act), an individual or entity must be the holder of a certificate of practice. The provision of architectural services, prior to the issuance of a licence and certificate of practice, may be prejudicial to the granting of a licence and/or a certificate of practice.

Until an application for a certificate of practice is approved by the Ontario Association of Architects (OAA), it is a contravention of the *Architects Act* to promote, offer, or provide architectural services in Ontario in the name of the new practice, and items such as letterhead, cheques, signs, etc. should not be ordered.

Architectural services provided under a certificate of practice must be personally supervised and directed by a member of the Association, and the holder of a certificate of practice must be owned and controlled in accordance with the Act.

If personal supervision and direction of the practice of architecture performed under this certificate of practice will be provided by a limited licence holder or a limited licence holder owns any part of the holder of the certificate of practice, then the certificate of practice will be subject to the same terms, conditions and limitations to which the limited licence is subject. If architectural services performed by the certificate of practice are not restricted in accordance with the terms, conditions and limitations of the limited licence, then the holder of the certificate of practice, the limited licence holder, and any members of the Association or other limited licence holders who are involved in such practice (including by virtue of their ownership interest in the holder of the certificate of practice) may be subject to professional regulatory proceedings and/or other legal proceedings and liability.

The use of the term “certificate of practice” in this document shall always refer to a certificate of practice issued by the OAA unless otherwise stated.

General

When filing an application for certificate of practice, include the following:

1. *Curriculum Vitae
2. *Notification to Employer
3. *Engineers – Certificate of Authorization
4. *Business Registration
5. *Incorporation Registration
6. Payment of Applicable Fees (refer to Payment of Fees form)

**submit copy*

1. Allow approximately **four to six weeks** of processing time from the date of receipt of the completed application and all required documentation. An incomplete application will be delayed as it may be returned for completion. **NOTE: ENSURE YOU HAVE ANSWERED ALL QUESTIONS OR YOUR APPLICATION WILL BE DEEMED INCOMPLETE.**
2. All sections of the application are to be completed. The terms "Not Applicable" and "N/A" may be used where sections do not apply.
3. All documentation submitted will be verified.
4. To satisfy the currency requirement outlined in Subsection 17(2) of the *Architects Act*, the Architect who is a principal of this practice and who is not currently a holder of a certificate of practice, must enclose an updated curriculum vitae with a chronological record of work experience covering at least the five years immediately preceding the date of this application.
5. **Notification to Employer – Regulation 27 Subsection 34(b):** The Architect, who is a principal of this practice and is currently employed elsewhere must submit a copy of the notification provided to the employer (Notice) together with confirmation that the employer received the Notice. Confirmation can take the form of:
 - (a) an email to the employer attaching the Notice,
 - (b) a copy of the Notice signed by the employer, or
 - (c) such further and other evidence as deemed acceptable by OAA staff.
6. The **Standards of Practice** include, but are not limited to, Sections 47, 49 and 50 of Ontario GENERAL [Regulation 27](#) (the regulations), as amended.

7. REAPPLICATION OR REINSTATEMENT REQUIREMENTS

- i. A former Architect who has voluntarily surrendered their certificate of practice may submit an application to **reapply** for a certificate of practice.
- ii. A former Architect whose certificate of practice was cancelled may make application to **reinstate** the certificate of practice.
- iii. Please note that the applicant **must**:
 - a) provide evidence to the Registrar that the person who will personally supervise and direct the practice of architecture has, before the date of the application, completed a cycle of Continuing Education that meets the requirements of the Continuing Education program established under Section 54 of the Regulation.
 - b) file with the Registrar an Undertaking in which they affirm that they have not engaged in the practice of architecture in the Province of Ontario from the date of surrendering or cancellation of their certificate of

practice, except as an employee of a holder of a certificate of practice or as an employee of an organization that did not offer architectural services to the public.

8. If this practice intends to provide **engineering services**, enclose a copy of the current Certificate of Authorization issued by the Association of Professional Engineers of Ontario (PEO) under the *Professional Engineers Act* of Ontario.
9. The **Business Names Act (BNA)** applies to all types of business that operate under a name other than the owner's name. For further details, contact the Companies and Personal Property Security Branch at 416-314-8880 or check the website www.ontario.ca. Enclose a copy of the Business Registration from the Companies and Personal Property Branch, Ministry of Government Services.

If the business operating under a certificate of practice uses a business name other than that contained on the certificate of practice, the holder of the certificate of practice and all OAA members working under it must ensure compliance with the following:

- a) The Office of the Registrar of the OAA must be notified of all other names used, including names that are adopted after the date of this application; this includes informal or shortened forms of the name of the practice or acronyms.
 - b) The other business names must be registered with the OAA as "DBA" (Doing Business As).
 - c) The name of the holder of the certificate of practice must be included in all significant documents (e.g. contracts, invoices, letterhead, business cards, architectural drawings, etc.) so that the public can identify the official name of the entity with whom they are dealing.
 - d) Accuracy in the OAA Register is critical to allow the OAA to regulate the profession of architecture and protect the public interest. Failure to provide all names to the Office of the Registrar may result in proceedings for professional misconduct based on making misrepresentations in this application or failing to update a relevant particular in this application.
10. **Mobility of Architectural Practices to Ontario (Reciprocal Applicants):** In order to hold a certificate of practice, an Architect licensed in Ontario is subject to the requirements of the *Architects Act*, regulations, and OAA Bylaws, including those relating to professional liability insurance coverage.
 11. All documents prepared by an Architect licensed in Ontario that govern a project's construction, alteration, or enlargement must be sealed with **an OAA seal** issued to a member by the OAA. For more information regarding OAA professional seals, visit the OAA website [here](#).

Applying for an OAA seal

1. An **applicant for a certificate of practice** may apply for a seal after their certificate of practice has been approved or have a seal when making application for the certificate of practice.
2. For an **employee of a holder of a certificate of practice** to be eligible for a seal, the holder of the certificate of practice must provide confirmation in writing to the OAA indicating that the seal will be used only for projects under that holder.
3. For an **employee of other than a holder of a certificate of practice** (e.g. federal or provincial government, banks, etc.) to be eligible, the employer must provide confirmation in writing to the OAA indicating the seal will be used only for projects owned by the employer; the entity that owns the projects must be the one and the same that employs the licensee.

Once you have a seal

1. The employer must notify the Office of the Registrar at officeoftheregistrar@oaa.on.ca of any changes to the certificate of practice.
2. The employee must immediately notify the Office of the Registrar at officeoftheregistrar@oaa.on.ca of any changes to their employment status.

Questions regarding the seal can be directed to the Office of the Registrar at officeoftheregistrar@oaa.on.ca.

To accompany the issuance of a seal, the OAA will provide the applicant with high-resolution images of their seal to be used in conjunction with the official seal.

OAA Seals must remain under the sole control of the licensee; they cannot be shared or delegated under any circumstances.

12. All applicants for a certificate of practice with an office in Ontario must also submit an application for annual professional liability insurance coverage for the practice, unless the certificate of practice application represents a change in particulars of an existing holder of a certificate of practice with an office in Ontario.

Please contact [Pro-Demnity Insurance Company](#) for the appropriate forms.

All applicants for a certificate of practice with an office outside of Ontario or whose primary function is not to engage in the practice of architecture and whose certificate of practice was issued under Subsections 14(2) or 15(a)(ii) or Sections 18 or 19 of the *Architects Act* must submit an application for Exemption from annual professional liability insurance coverage with Pro-Demnity Insurance Company.

Note: If a holder of certificate of practice located outside of Ontario:

- a) moves to Ontario; or
- b) decides to open an office in Ontario;

the holder's office in Ontario is required to be insured under Pro-Demnity Insurance Company and an application for annual practice insurance must be submitted.

13. INCORPORATION PROCEDURE

Note: The [Business Corporations Act](#) of Ontario states: "*The following words & expressions shall not be used in a corporate name: Architect, "architecte", "architectural", "d'architecture" or any variation thereof, where such word suggests the practice of the profession, except with the written consent of the Council of the Ontario Association of Architects.*"

A corporation of Ontario

- i) Once the name of the certificate of practice has been chosen and the corporate name includes the word "Architect(s)" or "Architectural" a letter of consent from the OAA for use of the name is required in order that the Companies and Personal Property Security Branch can register the Articles of Incorporation/Amendment in that name. (Requests must be submitted to the <mailto:officeoftheregistrar@oaa.on.ca>)
- ii) The corporation must be a standard corporation. It cannot be an LLC.
- iii) Register the Articles of Incorporation/Amendment(s) with the Companies and Personal Property Security Branch, Ministry of Government Services. You may access this form through the following website www.forms.ssb.gov.on.ca.
- iii) Ensure that the OAA's Letter of Consent is included in your submission.
- iv) Submit a copy of the registered Articles of Incorporation to the OAA, along with the Application for Certificate of Practice.

Note: For a corporation of a Province of Canada outside Ontario or a corporation of a U.S. State or its Territories, refer to item B below, Incorporation

14. The **fees** for certificate of practice are set out on the Payment of Fees Form.

Completion of the Application

A. APPLICATION CATEGORIES

New Practice applies to an applicant who is not currently a holder of a certificate of practice, or who is currently a holder of a certificate of practice, and this is a new and separate certificate of practice.

Change in Particulars of Existing Practice applies if the applicant is currently a holder of a certificate of practice and there is a change to the structure affecting the name of the certificate of practice.

If there are current projects for which architectural services are being provided by the existing practice, then:

- a) the certificate of practice for the existing practice must be maintained until completion of the architectural services; or
- b) these projects must be assigned to the holder of the new certificate of practice.

Note: Advise the OAA in writing whether a) or b) applies.

Personally Supervising and Directing: An Architect in this practice must personally supervise and direct the practice of architecture on a Full-Time basis.

B. IDENTIFICATION

INCORPORATION

- i) A corporation of Ontario must submit a copy of either its registered Articles of Incorporation or Articles of Amendment. Section 14 should be included in the Articles. If the Articles of Incorporation have already been registered and do not include this provision, submit with the application the Corporation Undertaking.
- ii) A corporation that is incorporated federally or in another province must register the corporation with the Ministry of Government Services, Companies and Personal Property Security Branch and submit a copy of Form 2 – Initial Return/Notice of Change. You may obtain this form online by visiting the Website www.forms.ssb.gov.on.ca
- iii) A corporation of a U.S. State or its Territories must submit a copy of the Extra-Provincial Licence. This form can be obtained from the Web site identified in ii) above.
- iv) A corporation cannot be an LLC.

OTHER OFFICE

If it is the intention of the practice to have more than one office registered with the OAA (i.e. the principal and 'other office[s]'), each registered office must comply with the Standards of Practice (General section, item 6) and payment must be submitted for each 'other office' (*refer to the Payment of Fees form*).

C. PRACTICE HISTORY

Identify any certificate of practice not currently in good standing and provide the particulars.

D. PRACTICE STRUCTURE

In order for the Association to maintain a current Register of its Architects and holders of certificates of practice, it is important to keep the practice structure correct and up to date. **Report all changes in writing to the Office of the Registrar.**

For ownership and value of shares, refer to Appendix 2 and Section 14 of the [Architects Act](#).

Directors –the majority of directors must be OAA members or PEO engineers.

E. DECLARATION

The solemn declaration serves as a formal attestation by the applicant that all the information provided is truthful and accurate. This verification helps ensure the integrity of the registration process by preventing the submission of false information. Additionally, it holds the applicant legally accountable, as providing misleading details can result in legal consequences.

The declaration underscores the seriousness and professionalism of the application process. By signing, applicants confirm their understanding of and commitment to adhering to the relevant laws, regulations, and ethical standards governing their profession once licensed.

Appendix 2 – Ownership and Value of Shares of a Certificate of Practice for a Corporation

Section 14(1) of the Act:

The Registrar shall issue a certificate of practice to a corporation that applies therefor in accordance with the regulations if,

- a) a majority of the directors of the corporation is composed of,
 - (i) members of the Ontario Association of Architects, or
 - (ii) members of the Ontario Association of Architects and members of the Association of Professional Engineers of Ontario;
- b) at least 51 per cent, or such greater proportion as may be prescribed by the regulations, of the voting shares and of the value of all the shares of the corporation is directly or indirectly controlled and owned by,
 - (i) members of the Ontario Association of Architects, or
 - (ii) members of the Ontario Association of Architects and members of the Association of Professional Engineers of Ontario;
- c) the primary function of the corporation is to engage in the practice of architecture; and
- d) at least one of the directors or employees of the corporation is a member of the Association who will personally supervise and direct on a full-time basis the practice of architecture by the corporation.

Section 14(2) of the Act:

The Registrar shall issue a certificate of practice to a corporation that applies therefor in accordance with the regulations if,

- a) the corporation holds a general certificate of authorization issued under the *Professional Engineers Act*;
- b) a majority of the directors of the corporation is composed of,
 - (i) members of the Association of Professional Engineers of Ontario, or
 - (ii) members of the Ontario Association of Architects and members of the Association of Professional Engineers of Ontario;
- c) at least 51 per cent, or such greater proportion as may be prescribed by the regulations, of the voting shares and of the value of all the shares of the corporation is directly or indirectly controlled and owned by,
 - (i) members of the Association of Professional Engineers of Ontario, or
 - (ii) members of the Association of Professional Engineers of Ontario and members of the Ontario Association of Architects; and
- d) at least one of the directors or employees of the corporation is a member of the Association who will personally supervise and direct on a full-time basis the practice of architecture by the corporation.

Ownership of Voting Shares

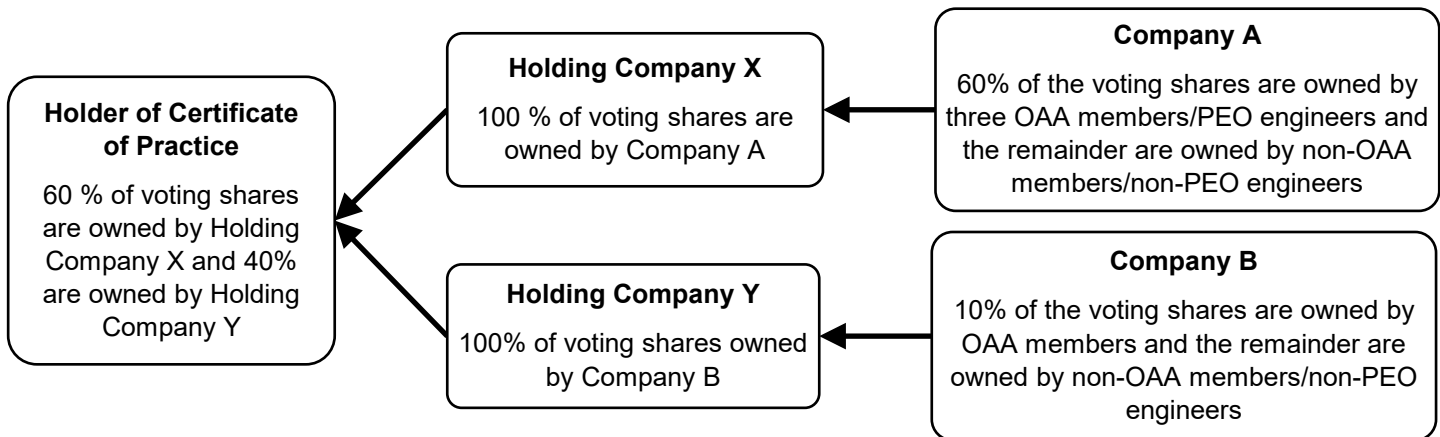

The following examples illustrate the rules requiring ownership of the voting shares. In essence, OAA members and PEO professional engineers must own and control the majority of voting shares.

Example No. 1 – Acceptable

This example is acceptable because 51% of the voting shares are owned by OAA members and PEO professional engineers.

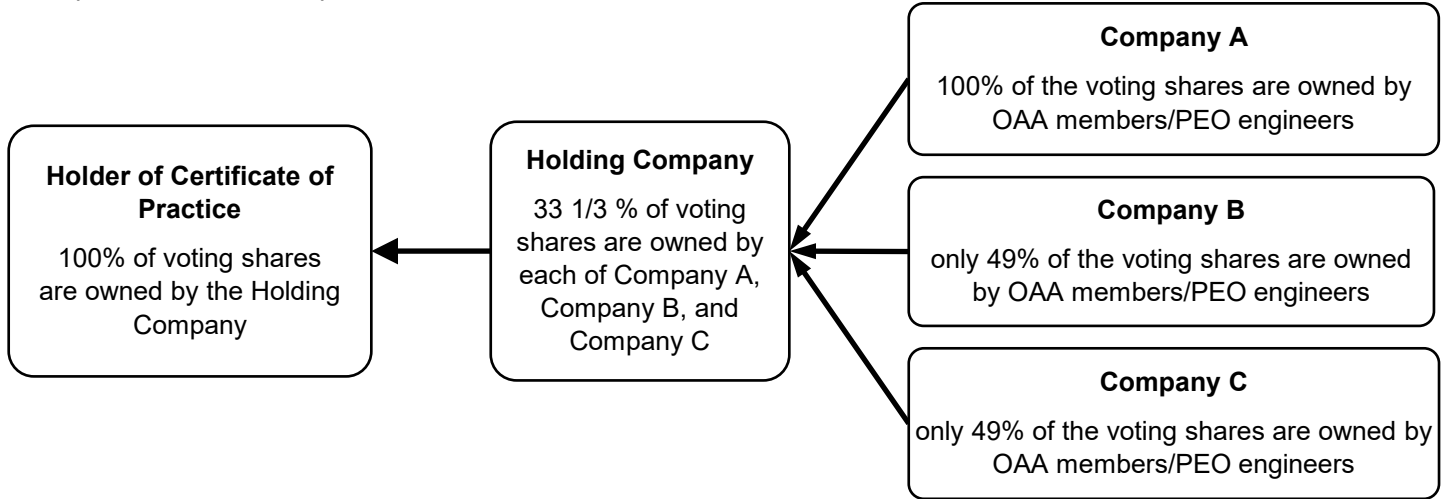

Example No. 2 - Acceptable

This example is acceptable because the OAA members/PEO professional engineers owning the shares of Company A own the majority of voting shares of the Holding Company that owns the majority of the shares of the holder of the certificate of practice. A majority control has to rest with OAA members and PEO professional engineers. Even if Company A only owned 60% of the shares of Holding Company X, the above scenario would work because there is a string of ownership permitting majority control.

Example No. 3 – Not Acceptable

This example is not acceptable because two-thirds of the voting shares in the Holding Company (which owns all of the voting shares of the holder of the certificate of practice) are controlled by companies that are under the control of non-OAA members and non-PEO professional engineers. Despite the fact that almost two-thirds of the voting shares in the three companies are owned by OAA members/PEO professional engineers, the remaining shares actually control the Holding Company (i.e. 51% of Company B and 51% of Company C control the Holding Company).

Value of All Shares

In addition to control and ownership, the majority of the value of all of the shares, including non-voting shares, must be held by OAA members and PEO professional engineers. The OAA will rely on any generally accepted valuation technique, although the market value of the shares is generally the preferred approach. Where the value of the shares is not obvious, a letter from an accountant or other recognized valuation professional should accompany the application.

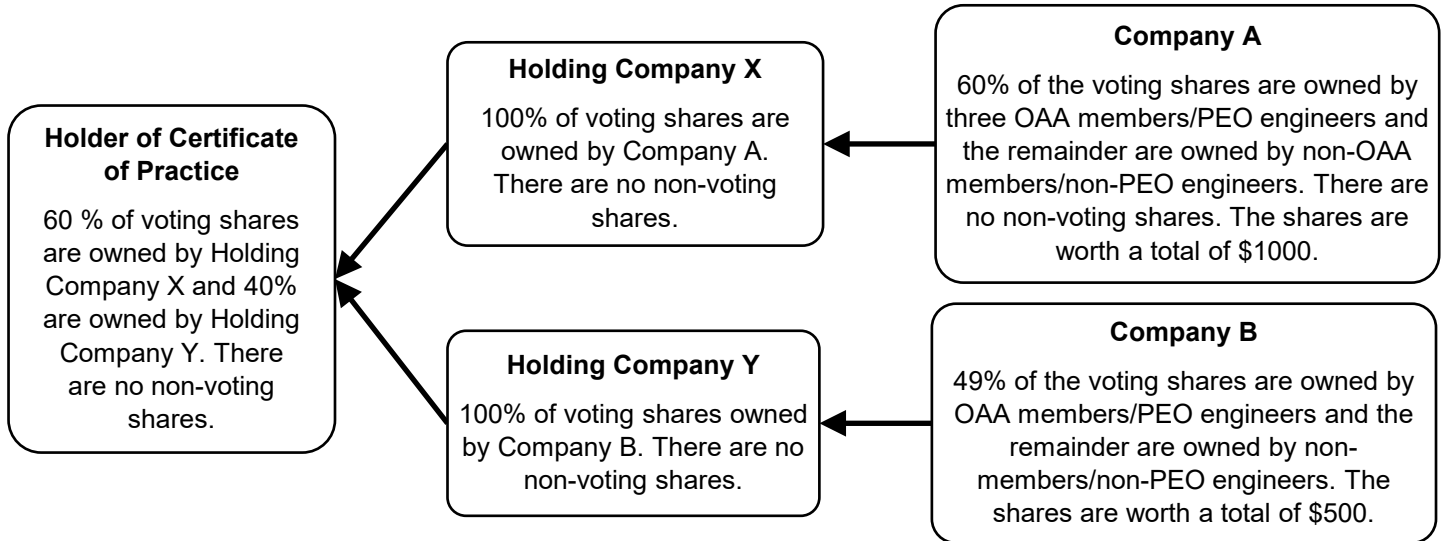

Example No. 1 – Acceptable

This example is acceptable because the value of the shares owned by OAA members/PEO professional engineers is twice that of the shares owned by the non-OAA members/non-PEO professional engineers.

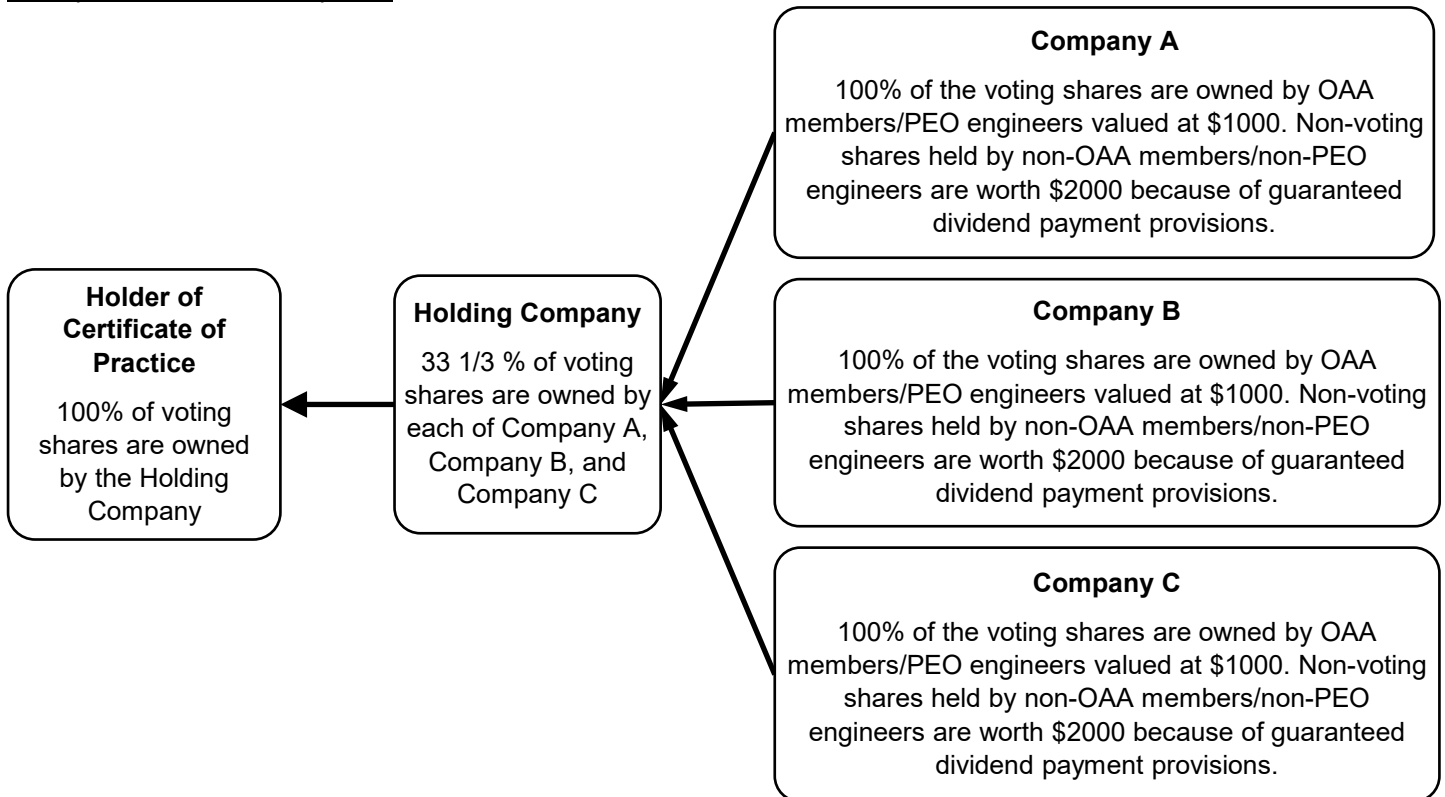

Example No. 2 – Acceptable

This example is acceptable because the total value owned by OAA members/PEO professional engineers is more than 51% of the value.

- Company A, OAA members/PEO professional engineers value total 60% of \$1000 = \$600.
- Company B, OAA members/PEO professional engineers value total 49% of \$500 = \$245.
- Thus OAA members/PEO professional engineers value is \$855 of \$1500 = 57%.

Example No. 3 – Not Acceptable

This example is not acceptable because the value of the non-voting shares, which are all held by non-OAA members/non-PEO professional engineers, are worth more than the voting shares owned by the OAA members/PEO professional engineers.

The Ontario Association of Architects accepts payment of fees with U.S. cheques. The fees listed below are in Canadian funds and include the Harmonized Sales Tax (HST). Visit the OAA website page, [Methods of Payment](#), for U.S. cheques.

E. DECLARATION

I DO SOLEMNLY DECLARE:

THAT I am applying for a certificate of practice under the *Architects Act* of the Province of Ontario;

THAT in regard to the documents listed in the Guidelines for Completion of an Application for certificate of practice, I have and will continue to maintain:

- a. the OAA Official Documents;
- b. unrestricted access to all other listed documents;
- c. general knowledge of the contents of the documents identified under "General Knowledge;" and
- d. specific knowledge of the contents of the documents identified as "documents architects must be familiar with."

THAT I agree to comply with the *Architects Act*, the regulations and OAA Bylaws, all as amended from time to time;

THAT I understand that only an Architect who is a holder of a licence who also has a certificate of practice, or is employed by a certificate of practice, is permitted to offer and/or provide to a member of the public a service that is part of the practice of architecture;

THAT the facts set out in this application for certificate of practice are true and correct in every particular;

THAT I have an ongoing obligation to update the OAA if there have been any changes to the Good Character questions of this application and a failure to do so may constitute professional misconduct;

THAT I will respond within the timeframes specified by the OAA to any inquiries related to my licence or certificate of practice history and good character and I will co-operate with any investigation related thereto;

AND THAT I MAKE THIS solemn declaration conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath.

IN ADDITION, I consent and authorize other jurisdictions where I have been or continue to be licensed to practise architecture, to provide the OAA with all information and documents that relate to any past, current, or pending investigations or proceedings involving my conduct or competence;

AND, I consent and authorize the OAA to release and disclose to any other jurisdictions where I am seeking a licence or currently hold a licence to practise architecture, all information and documents that relate to any past, current, or pending investigations or proceedings involving my conduct, competence or good character.
