The purpose of the deputation must be clearly outlined in the request along with any accompanying materials for Council's review.

A member may make a request to speak to their deputation at the meeting in their request. A maximum of 10 minutes is permitted and a time for the presentation will be sent to the member at least 7 days in advance of the meeting.

Council will receive the subject matter and may ask questions following the deputation. The information will be received and referred for later consideration.
