

January 30, 2023

The London Society of Architects, through 2022 and similarly to 2021, was slow to emerge from the disruptions of COVID-19, with few actions or engagement of members. The OAA President's Meeting was a notable exception and was a welcomed opportunity for LSA members to re-engage, even with the limitations of a virtual format. Combining the visit with Algoma, London and Northumberland-Durham societies created a great opportunity to share ideas and to promote collaboration among the societies.

LSA continued with planning for a new season of its architecture speaker series, an annual fall and winter series of speakers and films held at Museum London, however pandemic uncertainties continued to prevent scheduling of speakers and venue for 2022. We are on track to restart with a modest film series this spring and a full series of speakers and films this fall. This January we also started discussions with Museum London to explore opportunities to collaborate on exhibits and events to re-engage communities in the region.

LSA is a stakeholder in the City of London building and development initiatives, facilitated by the City through the Building Development Liaison Forum. Most initiatives and the forum were paused through the pandemic but resumed in 2022. Key initiatives that are resuming include rethinking and updating the City's zoning by-law, facilitating climate emergency action in building and development, enabling solutions to housing challenges, and improving site plan approval and building permit application timelines. LSA was slow to pick up the resumed pace of activity at City Hall but will be mobilizing its members to participate in the related committees of these initiatives to help create solutions and to advocate in the public interest.

Prior to the pandemic, LSA was developing a network of intern architects to facilitate assistance and collaboration on the path to licensure. This was curtailed again through 2022, plans are in place to resume in 2023, and to focus also on facilitating opportunities for intern architects to contribute to LSA.

LSA is continuing with creating a new website, to meet current needs of LSA members and the public. In 2022 project terms of reference were defined and a website developer was engaged. This January a call was made to LSA members to assist with defining website details, preparing rollout content, and assisting with launch in 2023.

LSA has periodically hosted casual social events for members as an opportunity to connect. This was paused through the pandemic, including through 2022. LSA will be planning social events through 2023 to bring LSA members back together, starting with an annual general meeting and social in February.

2022 continued as a quiet period for LSA, however we are looking forward to re-engaging with members and the public through 2023.

Sincerely

A handwritten signature in black ink, appearing to read 'W Derhak', written in a cursive, flowing style.

Walter Derhak, OAA, MRAIC

Chair, London Society of Architects
