

Annual Report to the OAA Council

January 15, 2021

Summary of Society Activities

Like all organizations, 2020 presented many challenges for the NBSA. We began the year with a plan to launch a new event in support of the North Bay Food Bank, but we soon learned the impact that Covid-19 would have on our organization, community, and our daily lives.

After debating how the NBSA might push forward with action items for the year, our membership decided it best to pause meetings and planned activities since our members primary focus was, understandably, navigating their businesses through this challenging time.

We did, however, continue to support the Dionne Quints Heritage Board – a local non-profit responsible for the historic Dionne Quintuplets birth home – with landscaping suggestions and concepts for future interpretive panels to describe the story of the Dionne girls.

Our society was also pleased to once again receive special purpose funding from the OAA this year. A summary of the application and use of funds is outlined on the next page as part of the Special Project Funding Report.

Special Project Funding Report

Following the success of our society's first-ever NBSA Scholarship process in 2019, we were excited to once again pursue Special Project funding to support this great initiative. The scholarships were created to support high school students within our society boundary who would be pursuing a career in architecture. One scholarship valued at \$1000 is awarded to a student pursuing a degree in architecture, while a second valued at \$500 is awarded to a student pursuing a diploma in architectural technology.

The members of our society worked together to develop the framework, eligibility criteria, and evaluation system for the scholarships. We issued the scholarship documents to every high school within our society boundary, and posted information on our website, and also issued a media release which garnered some coverage.

Three applications were received for the scholarships, and the recipients of the awards were as follows:

Recipient Name:	Laurel Wilson
High School:	Almaguin Highlands Secondary School, South River
University:	University of Toronto, Toronto

\$500 College Scholarship

Recipient Name:	Esther Lee
High School:	St. Joseph Scollard Hall, North Bay
College:	Georgian College, Barrie

Refer to Appendix A for media coverage and Appendix B for photos of the recipients.

O NBSA members and the 2019 recipients of the scholarship. (Supplied by the NBSA)

The North Bay Society of Architects (NBSA) is looking to help some local students in the form of a scholarship.

Officials say the scholarship was initiated in 2019 and consists of two scholarships for prospective post-secondary architecture students. The first scholarship is aimed at a student pursuing a university degree in architecture and is valued at \$1,000. The second is for a student who is taking the college route in the field with courses such as architectural technology or interior design. That scholarship is valued at \$500.
