Q: Can you please confirm the RFP response deadline?

There is an errant line of text stating the “awarded party will be announced by email to all respondents on Monday July 20, 2020.”

As RFQ responses will be accepted until Friday July 31, at 12pm (noon), respondents should disregard this line (July 20) as it was mistakenly included from an earlier draft of the text. Ideally, the awarded party will be announced within a week after the July 31 deadline.

Q: Is there any budget guidance the OAA can provide?

The OAA relies on respondents to determine the appropriate budget, but welcomes further questions if an element of the proposed project remains unclear.
