**REASONS FOR THE DECISION AND ORDER OF THE DISCIPLINE COMMITTEE**

The Discipline Committee of the Ontario Association of Architects (Association) met on Thursday, September 8, 2022 to determine allegations of professional misconduct against J. David Miller, a former Member of the Association.

The evidence at this written hearing consisted of documents submitted by the Association and written submissions from the Association. There were no submissions from the former Member.

The Complaints Committee referred this matter to Discipline Committee to conduct a hearing to determine an allegation of professional misconduct on the part of the former Member by reason of their non-compliance with the mandatory Continuing Education Program (2018 – 2020 Cycle) set out in Section 54 of Regulation 27 under *the Architects Act*.

It was alleged that J. David Miller committed the following act of professional misconduct, as set out in the revised Notice of Hearing dated July 25, 2022:

That, in the period July 1, 2018 to December 31, 2020, (2018 – 2020 Cycle), the former Member failed to complete and record the required number of hours in Continuing Education Program activities consisting of courses of study, seminars, workshops, self-directed learning and professional activities approved by Council, contrary to Section 54(3) of the Regulation made under the *Architects Act*.

The Notice of Hearing advised the former Member of the manner in which the hearing would be conducted and of the Rules of Practice and Procedure of the Discipline Committee with respect to a written hearing. The former Member was also advised that they could make submission to the Committee to hold an oral or electronic hearing dependent on the former Member providing good reason to do so.

### **FACTS**

On January 1, 1999, the Association initiated a mandatory Continuing Education Program (hereinafter referred to as the Program).

The authority for the Program is set out in Section 54 of Regulation 27 under the *Architects Act* as amended, and requires that all Members “spend 70 hours in continuing education activities approved by Council” within each two (2) year cycle of the Program. The activities are comprised of structured and unstructured learning. The requirement includes both attending and reporting of educational activities. In addition, a minimum of 25 hours must be in the structured learning category. Member licences with Terms, Conditions, and Limitations may be subject to different reporting limits and requirements as set by OAA Council Policy.

To assist Members in meeting the requirements of the Program, the Association continued its information strategy throughout the 2018 – 2020 Cycle. The information strategy includes but is not limited to advising all Members through the website, the Association’s electronic newsletter, and direct email about the importance of compliance and the available continuing education activities. Continuing education reporting is done through the OAA online portal for Members. There are staff available during regular office hours to assist in the assessment of learning hours and help access the reporting portal.

Structured continuing education activities were organized for each of the Association's annual conferences held during the 2018 – 2020 Cycle.

For all Members, and particularly for those Members who did not have the opportunity or perhaps could not afford to attend the annual conferences, there are links on the OAA website to continuing education modules where the full complement of hours can be accessed remotely by downloading articles, by ordering workbooks or by completing an online course. Continuing education opportunities that are provided by local societies, practices and other jurisdiction's official providers may also count towards the Ontario requirements.

Each Member was personally contacted by letters and e-mail and encouraged to complete the 2018 – 2020 Cycle Program requirements.

Licence is currently surrendered.

### **FINDINGS**

The Discipline Committee made the following findings, based on the facts and evidence presented:

**THIS COMMITTEE FINDS** that J. David Miller is guilty of professional misconduct in that the former Member during the period July 1, 2018 and December 31, 2020, failed to complete and record the required number of hours in the Association's mandatory Continuing Education Program (2018 – 2020 Cycle), consisting of courses of study, seminars, workshops, self-directed learning and professional activities approved by Council contrary to Section 54(3) of the Regulation made under the *Architects Act*.

### **PENALTY**

Completion of the Continuing Education Program requirements is a statutory obligation for all Members of the Association. The Committee was unanimous in its opinion that the Program is an extremely important initiative of the Association and that failure to meet its requirements is sufficiently serious to warrant a reprimand, with the reprimand being placed on the Register; that the Decision and Order of the Discipline Committee, and the Reasons therefor, be published in an official publication of the Association including the name of the former Member; that should the former Member wish to apply for reinstatement, the former Member is required to complete the requirements of the 2018 – 2020 Cycle;

and that the former Member pay a portion of the costs of these proceedings hereby fixed at \$750.00 on or before October 17, 2022.

DATED AT TORONTO THIS 8<sup>th</sup> DAY OF SEPTEMBER, 2022
