IMPORTANT

In order to **offer or provide architectural services** in Ontario (as defined in the *Architects Act*) to the public, which includes activities such as the preparation of drawings and completion of feasibility studies, an individual or entity **must be the holder of a Certificate of Practice**. The provision of these services, prior to the issuance of a Licence and Certificate of Practice may be prejudicial to the granting of a Licence and/or a Certificate of Practice.

Until an Application for a Certificate of Practice with Terms, Conditions and Limitations is approved by the OAA it is a contravention of the *Architects Act* to promote, offer or provide architectural services in Ontario in the name of the new practice, and items such as letterhead, cheques, signs, etc. should not be ordered.

The Licensed Technologist shall **only** use the term **Licensed Technologist OAA** but may **NOT** use the title 'architect' or any derivation thereof, in accordance with Appendix 2 of the Guidelines for Completion of an Application for Certificate of Practice and in accordance with the Terms, Conditions and Limitations set out in the Policy Statement which forms part of the Application for Certificate of Practice.

The use of the term Certificate of Practice with Terms, Conditions and Limitations in this document shall at all times refer to a Certificate of Practice issued by the Ontario Association of Architects (OAA) unless otherwise stated.

3. All documentation submitted will be verified.
4. **CURRICULUM VITAE**

I hereby further advise that such architectural services will not be performed during the hours I am employed by _____ nor will I use any material, equipment or facilities belonging to _____ for this purpose.

I will advise my clients and other parties of my status as an employee and the attendant limitations on my services to ensure that my work will not conflict with my duties as an employee.

I will assume all professional liability for the architectural services I will provide as a holder of a Certificate of Practice and will indemnify and hold harmless _____ from any claims arising from my practice."

6. The **Standards of Practice** are prescribed in Sections 47, and 49, of Ontario Regulation 27, as amended.

If the business operating under a Certificate of Practice uses a business name other than that contained on the Certificate of Practice the holder of the Certificate of Practice and all Licensed Technologists OAA working under it must ensure compliance with the following:

- a) The Office of the Registrar of the OAA must be notified of all of the other names used; and
 - b) The name of the holder of the Certificate of Practice must be included in all significant documents (e.g., contracts, invoices, letterhead, business cards, architectural drawings etc.) so that the public can identify the official name of the entity with whom they are dealing.

Applying for a seal

As of January 2019, all seals issued must be digital.

Digital seals will be mandatory as of January 2, 2022 for all members including the members who currently have physical seals.

To obtain a seal, a licensee who is:

1. an **applicant for a Certificate of Practice** must apply for a seal, or have a seal, when making application for the Certificate of Practice;
2. an employee of a **holder of a Certificate of Practice** is eligible for a seal after the holder of the Certificate of Practice provides confirmation in writing to the OAA indicating that the seal will be used only for projects under that holder;
3. an employee of **other than a holder of a Certificate of Practice** i.e. Federal or Provincial Government, banks, etc... is eligible after the employer provides confirmation in writing to the OAA indicating that the seal will be used only for projects owned by the employer and is owned by the same entity that employs the licensee.

Once you have a seal:

1. the employer must notify the Office of the Registrar at officeoftheregistrar@oaa.on.ca of any changes to the Certificate of Practice; and
